Hi Camille,

I conducted the weekly site inspection today at Highland Estates. Not much has changed onsite, but Bob told me that PG&E was supposed to come out today to discuss the utilities. So possibly next week they will be starting on the utility installation. Bob told me that he had a laborer coming out today to fix the silt fence.

I would like to see the fence on Lot 11 fixed before any excavation or grading occurs, so ideally they will have the fence fixed this week.

Please let me know if you have any questions!

Thanks so much,

Jessie Henderson-McBean
